SCHOLARSHIPS FOR TRANSFER STUDENTS

Students that transfer from community colleges may be supporting families. Perhaps they have a job — sometimes two or more. They may be returning students, looking to start over. They are most often supporting themselves through college, with limited financial aid available to them. These students have worked hard to get to Cal Poly, and they will greatly benefit from your support.

HOW YOU CAN HELP

SCHOLARSHIPS

• Ensure recruitment and support of California’s highest achievers.
• Create opportunities for qualified transfer students to attend Cal Poly.
• Help students reach their educational goals.

* Your scholarship may target students with financial need or those from a specific community college

TRANSFER STUDENT VOICES:

“We know firsthand how a local community college experience can benefit successful outcomes at Cal Poly. We are pleased to support this initiative.”
-Burt Fugate (Animal Husbandry, ’56) and Mark Fugate (Business Administration, ’85 / Master’s of Business Administration, ’99)

“Community colleges provide an excellent foundation in the pursuit of a college degree at Cal Poly, helping so many in California achieve their dream of a successful career - myself included.”
-William H. Swanson (Industrial Engineering, ’73)
